Albert & Ann Deshur  
JCC Rainbow Day Camp

**Mission:** *The Albert and Ann Deshur JCC Rainbow Day Camp is an inclusive summer camp, guided by Jewish values, for children and teens that fosters personal development, friendship and community. Led by an experienced and nurturing staff on over 100 picturesque acres, campers safely play and learn through a variety of enriching activities and innovative programs.*

**Vision:** *JCC Rainbow Day Camp is a dynamic and evolving year-round community encouraging the growth of the whole individual regardless of physical, developmental or financial ability. With state-of-the-art facilities and a connection with nature, Camp fosters healthy life choices. JCC Rainbow Day Camp continues to build on its strong foundation of Jewish values.*

**ACA Accreditation:** JCC Rainbow Day Camp is accredited by the American Camping Association. This means we have demonstrated compliance with more than 300 individual health, safety, and program quality standards. These standards establish criteria for program, personnel, transportation, administrative procedures, health care, food service, program activities, and emergency procedures. Accreditation assures parents and campers that JCC Rainbow Day Camp has been measured against national standards for best practices in the camping industry.

The perfect childhood summer centers around play. We are frequently asked what makes our camp unique. What separates us from other camping programs? The answer is pretty simple - at JCC Rainbow Day Camp, we believe every child should have a summer of play - a place to be a kid, make lasting friendships, explore new skills, be healthy, learn values, discover their Jewish identity, and be with counselors full of life and love.

Through play, children put technology aside and learn about themselves, take risks, gain confidence, and learn to work with others. Our unique camp community welcomes all children to experience a summer of fun, friendship, and pure joy.

So give us a call! Ask questions! We love sharing the beauty of JCC Rainbow Day Camp and exploring new ways for your child to have an outstanding summer.

Keep Smiling,

## Find Your Summer Here

### Find Community

A diverse and inclusive camp like JCC Rainbow Day Camp allows for connection and community-building across a broad spectrum of ages, backgrounds, and abilities. Our community gathers throughout the day to share collective experiences. We raise the flag together in the morning. The whole camp cheers when one of our beloved counselors gets thrown in the Agam (pond). These moments of community are important for our campers to make connections with each other and to feel a part of something warm, inclusive, and safe.

### Find Tradition

Themed days, camp songs, shtick, bus tricks—camp is all about traditions. The silly songs we sing are great tools for bringing everyone together for fun and laughter. At JCC Rainbow Day Camp, the traditional camp experience is complemented by Shabbat and Jewish Values like respect (kavod), caring for the world (tikkun olam), and helping others through acts of charity (tzedakah) and acts of loving kindness (gemilut chasadim).

### Find Choice

The beauty of a camp like RDC is that you aren't doing just one specific thing all day. There are so many options all around that make every day a new and exciting adventure. But that doesn't mean campers aren't able to get a specialty experience here. 2-week specialty programs for 1st-5th grade campers allow your child to have the best of both worlds. Campers in 2nd-5th grade can also use their choice periods to fill their day with all sports, all crafts, all science, or mix it up and try them all. The advantage is that they have the flexibility to try new things and explore activities that they may not know they love until they try them. **Look for specialty programs on page 10.**

### Find Growth

The cool art project your child made or the sports they played over the summer are things they may not remember in a year. Meeting new people, making new friends, taking risks, trying something new, failing, trying again, succeeding can make going to camp a life altering experience. Campers leave RDC with more self-confidence, problem solving skills, and a sense of accomplishment that will translate to other aspects of their young lives.

## Find Space to Roam

Our 110-acre facility in Fredonia allows children to experience and embrace the outdoors. In addition, camp provides plenty of tented areas for shade throughout the program day. Pre-planned rainy day schedules and hot day schedules take advantage of indoor space. No matter the weather, every day is a blast.

## Find the Waterfront

Creating a comfortable and safe aquatics program is one of our most important goals. We provide daily American Red Cross swim lessons for all campers K5-5th grade. Campers are swim-checked based on their ability, placed in the appropriate swim group, and rechecked frequently throughout the summer.

**POOL:** The Daniel M. Soref Aquatic Center is accessible for campers of all abilities. This newly reimagined facility incorporates a shallow area, deep end, and splash pad with adjacent locker rooms.

**AGAM:** The Agam is a spring-fed pond that provides campers with boating and small craft experiences as well as an inflatable obstacle course and slide.

## Camp Is for Everyone

Many parents tell us they feel like their child is a square peg, and everyone else is trying to make them fit in a round hole. At JCC Rainbow Day Camp, we want every camper to have a summer that fits their personal needs and abilities. In partnership with parents, our team develops a tailor-made program for each child with the goal of creating a positive summer experience.

The integrated Shiluv and Sababa programs allow campers to be mainstreamed with their peers while receiving individualized support from professionally trained staff. This can make a huge difference in their child's success at camp. Extra support is available to campers with physical, developmental, emotional, behavioral, and language needs. In addition to the mainstreaming program, RDC offers specialized camp groups that offer an additional level of support.

A parent interview is required prior to the start of the registration process for each child in any of our special needs programs. To begin the conversation, please contact a member of the JCC Inclusion Services Team:

## Ways for YOU to Support Camp

- Add a donation to the Scholarship Fund when registering for camp online. Camp is more fun when all our friends are there, and you can help make this happen!
- Contact JCC Chief Development Officer, Elyse Cohn, at 414-967-8188 or [ecohn@jccmilwaukee.org](mailto:ecohn@jccmilwaukee.org) to find out how you can make an impact at JCC Rainbow Day Camp today and for a strong future. So many of the facilities and features at camp are there because of the generous gifts of our supporters.

## Scholarship Opportunities

We work together to build a community that is inclusive of all, one that is founded upon the belief that our community is stronger when we participate in Jewish life. We are blessed with the ability to be stewards of our community's scholarship funds and take seriously our responsibility to make these funds available to all who may need scholarship assistance. When each member of the community participates in our Camp programs, our community becomes much more than the sum of its members. Our lives are enriched by these binding relationships, helping us to grow from the richness of our individuality. Hillel said, "Do not separate yourself from the community," and in this spirit we ask that you not say, "When I need it more, I will apply for scholarship." Help us to live our values by joining with us in community -- apply today!

**To request a confidential application for scholarship, which will be awarded based on financial need, please contact Samantha ZumMallen, JCC Scholarship Administrator, [scholarship@jccmilwaukee.org](mailto:scholarship@jccmilwaukee.org), 414-967-8180.**

## How to Register Online

To register for 2019 JCC Day Camps visit [jccmilwaukee.org/daycamp](http://jccmilwaukee.org/daycamp) and click the registration button to access CampMinder.

CampMinder is the one-stop place to register and manage your child's summer online. If your child was registered in JCC Day Camps last year, your information is already in the system and can be updated for this season. If you are a new camp family, you will enter each child's information just once, and it will be available to update whenever you wish.

### When registering for camp, please note:

**Parent Email** When a parent or guardian clicks through to our online camp enrollment system, they will be prompted to enter their first and last name, relationship to the camper, and an email address. Each account is set up by the email entered. If you have previously enrolled, please use the email that is already receiving camp emails.

**Account Password** If you are a new camp family, the system will prompt you to create a password. If you are a returning family, upon entering your email and clicking continue, the system will recognize you have an account on file and ask you to enter your password. If you forgot your password, you will be able to reset it. Please check your Inbox or your Junk/Spam folder for an email from CampMinder. Password delivery may take up to 5 minutes. Click on the link in that e-mail to set up your new password and security questions.

**Camper Grade** Please select your camper's current grade for this school year. CampMinder will automatically make available those camps that are age appropriate for the grade they will be entering in the 2019/20 school year.

**If you have any questions about the registration process, please contact Michelle Hoffman at [mhoffman@jccmilwaukee.org](mailto:mhoffman@jccmilwaukee.org) or 414-967-8266.**
