B’ruchim HaBaim! Welcome!

The Seasons, they go round and round, and here at the JCC we are preparing for a Fall that is unlike any we have had in the past – but at the same time brings a comforting sense of familiarity.

In this newly formatted digital guide to fall classes and programs, you will find old favorites that are returning to our Spaces & Places with smaller class sizes and new protocols – preschool & youth swim lessons, parent-child classes, youth recreation, and Reformer Pilates – plus links to our in-person education offerings that support JCC member families like Gan Ami Early Childhood Education and the newly created Student Center.

You will also find new and innovative virtual programs being offered to our whole community – Beyond a Building – in every service area including fitness, parent-child classes, arts & ideas, senior adults, and special needs.

Links throughout this guide will help you learn more or jump in and register for programs that run from September - December. This document will be updated as new programs are added, so check in throughout the season to find updates and continue following @JCCMilwaukee online everywhere!

We are deeply committed to physical distancing in our facilities. The risks of COVID-19 remain real and relevant – particularly for at-risk communities, many of whom we serve every day. The JCC is focused on providing physical spaces that are safe for everyone, every time you engage with us. When we have to make a choice – in our operations, in our programs, and in our service to you – we will always, always default to making the safest choice.

The JCC is the Place for Swim Lessons This Fall

- Class capacities have been adjusted for Fall 2020 to ensure a quality, safe lesson.
- Ozone filtered pools use less chlorine than normal public pools which makes it much easier on your child’s eyes, skin and swimsuit.
- A large, 6-lane, 25-yard pool allows your child to build endurance and stroke refinement.
- Small teaching pool with depths of 2’6” - 3’6” so your younger child can stand in the water building their level of confidence.
- End-of-the-session report cards give parents each child’s progress, successes and recommended next level.

Be Cool, Share the Pool!
To ensure that all members have access to our aquatics facilities, we ask that you only make reservations you know you can use and notify us to cancel if your plans change.

American Red Cross - Learn to Swim Program
Pre-School Age Aquatics

Our pre-school age aquatics classes are structured for the 3-5-year old with each lesson 30 minutes in length combining skill instructor with fun. Due to the need for our instructors to maintain physical distance, some pre-level classes will require each participant to have a parent/guardian present in the water during the lessons to assist with skills. All pre-level classes are taught in the small training pool with pre-level 3 working on transition to the large pool. Children who are not potty trained must wear swim diapers or secure plastic pants over a cloth diaper. No disposable diapers are allowed.

Gan Ami has learned so much since reopening our schools in June 2020. We are still inclusively Jewish, celebrating Shabbat, Havdalah and everyday moments with much joy and care, interacting with our Music Specialist via Zoom, enjoying outdoor physically distanced art experiences with our Art Specialist, saying blessings together, and noting God’s gifts to our natural world.

Our educators have rediscovered what exploration looks like for children, providing as many hands-on experiences as possible, preserving the learning and growth opportunities that we know children need to flourish.
