

COMMUNITY SPACES

- The Amphitheater is the largest tented space at camp. Our entire camp community gathers in this beautiful space for Shabbat, music, and daily assemblies.
- Moadon (Clubhouse) is the primary hangout space for our oldest camp group known as the Village.
- Sol & Eva Dorf Assembly Area is a designated paved space for morning and afternoon assembly that features benches and flag poles.
- Daniel M. Soref Education & Retreat Center is at the heart of camp. Home to our administrative offices, the Bayit is vital to daily camper operations. On the opposite side, the Lodge is rented to visiting groups year-round and features housing for over 150 people.

AQUATIC SPACES

- Reimagined in 2019, the Daniel M. Soref Aquatic Center is accessible for campers of all abilities, incorporating a shallow area, deep end, and splash pad with adjacent locker rooms.
- The Agam is a spring-fed pond that provides all campers with boating and small craft experiences. It also features an inflatable obstacle course and slide for older campers to enjoy.

NATURE SPACES

- Our Education Garden features a large garden, hoop house, and year-round green house where campers learn about how our food gets to our plates. The produce from this garden is used daily in our Learning Kitchen to make healthy snacks and treats for campers.
- Catherine & Nathan Wahlberg Family Nature Center is the perfect place to learn about nature. This building provides activity spaces where campers explore a hands-on approach to nature education.
- Adventure Playground is perfect for children who like to explore, dig holes, climb trees, and use their imagination.

ATHLETIC SPACES

- The Admirals Rec Center is an indoor gymnasium complete with basketball courts, bathrooms, and a large classroom. This provides remarkable space for campers to learn athletics as well as play sports during rainy days.
- Gary Katz Sports Complex and adjacent athletic fields feature a diamond for baseball and kickball, paved basketball courts, Gaga pit, a new tushball roof, and plenty of open green space for group sports activities.
- Paley Tennis Courts and Gorens Family Youth Tennis Courts are used for specialty programs throughout the summer including tennis and pickleball.
- 40-foot climbing tower provides space for children to challenge themselves and grow. 3 belay systems allow children to climb at their own pace in a safe way.

ACTIVITY SPACES

- Marvin & Ann Margolis Family Picnic Pavilion provides additional shaded space not only for lunchtime, but also as an added covered space for activities throughout the day.
- Dinkin Family Activity Village features four unique buildings. Each building is home to a different specialized activity: model trains, woodworking, music, dance, or even Legos.
- Paley Tennis Courts and Gorens Family Youth Tennis Courts are used for specialty program throughout the summer.
- Judaic Playground is perfect for children to play. The transverse wall, swings, slides, and monkey bars are just what kids love. Plus, the Judaic learning elements provide an informal education regarding Judaism.
- Fishing is found on the north side of camp. This half acre pond is home to many bass, perch, and bluegill. Campers are able to learn basic fishing techniques and practice without having to leave camp.

Building Opportunities

Campers entering K4 - 1st Grade

Our youngest campers are introduced to daily camp life, welcomed into the camp community, and given ample opportunity to explore all that camp has to offer while also developing the self-help and social skills necessary to begin school in the fall. **Find dates and rates on page 13.**

During the online registration process, K5 & 1st grade campers will be asked to choose “Traditional Day Camp” or a Specialty Program for the Choice/Specialty block on the daily schedule below. K4 campers will only see the Traditional Day Camp option. What’s the difference? Campers registered for the Traditional Day Camp will get to choose a new activity each day from a list of 4-5 different rotating options (see a sampling of options below). Campers registered for the Specialty Program will use this time to focus on that one pre-registered specialty for a full week. This year’s Specialty Programs can be found on page 10.

Sample Choice for K5-1st Graders

Beach Play	Gardening	Yellow Boats
Dodgeball	Soccer	Chalk Drawing
Arts & Crafts	Adventure Playground	Splashpad

Yeladim (Children) • K4 Daily Schedule

9:30 am Bus Arrival & Morning Assembly
 9:50 am Color Time & Morning Snack

 12:15 pm Song Session & Chofesh (recess)
 1:30 pm Group Activity II
 2:30 pm Swim Time
 3:20 pm Snack & Afternoon Assembly
 4:00 pm Bus Departure

Shiluv (integration) Program

We want every camper to have a summer that fits their personal needs and abilities. The integrated Shiluv programs allow campers of differing abilities to be mainstreamed with their peers while receiving individualized support from professionally trained staff. This program is open to campers with physical, developmental, emotional, behavioral, and language support needs. A parent interview is required prior to the start of the registration process for each child. To begin the conversation, call JCC Rainbow Day Camp at 414-967-8248.
